Brocade Certified Network Designer 2011 Knowledge Assessment
(CND 101-WBT)

GLOBAL EDUCATION SERVICES

Brocade
Certified Network Designer

DURATION:
1 hour

FORMAT:
Self-paced knowledge assessment

PREREQUISITES:
- CND 200: Brocade Certified Network Designer (BCND) Training

AUDIENCE:
Any technical professional wanting to gauge his/her knowledge of BCND topics. This course is also for those who are preparing to take the BCND Certification Exam.

DESCRIPTION:
This self-paced, web-based training course (eStudy) is designed to check a student's knowledge and skills against sample questions covering some of the scope of the Brocade® Certified Network Designer (BCND) Exam 150-510. Learners will see multiple choice and multiple answer questions which mimic the look and feel of the actual BCND exam. This assessment will also help illustrate what students know, what they don't know, and where each learner needs to spend more time studying to pass the BCND exam.

The assessment covers the broad spectrum of topics that fall into the realm of the actual exam. Just like the real exam, the topics will not be presented in any particular order. These questions are for the sole purpose of study and review, and in no way reflect specific test content.

OBJECTIVES:
After completing this knowledge assessment, attendees should be able to:
- Gauge their level of knowledge about BCND topics.
- Demonstrate the important knowledge, skills, and abilities necessary to design a campus or enterprise network using Brocade solutions.
