Introduction to Brocade Network Advisor
(BNA 101)

BROCADE EDUCATION SOLUTIONS

DESCRIPTION:

This training course provides an introduction to Brocade Network Advisor, including key features and functions, licensing, and SAN/IP discovery.

This course is available on-line with a live instructor (virtual classroom), or as self-paced, web-based training.

OBJECTIVES:

Upon successful completion of this course, students should be able to:
- Provide an overview of Brocade Network Advisor
- Identify the feature differences between Brocade Network Advisor versions
- Perform SAN Discovery
- Perform IP Discovery

DELIVERY OPTIONS:

The BNA 101 course is available in two versions:

- **BNA 101-VCT**: 2 hours of virtual classroom training.
- **BNA 101-WBT**: 1 hour of web-based training.

Brocade Education Solutions provides you with several options to attend this training:

- **Virtual classroom** courses, taught by an instructor in an on-line environment
- **Web-based** training courses that are self-paced and studied on-line

PREREQUISITES:

Working knowledge of:
- Basic understanding of SANs and IP networking
- Experience with Brocade SAN and Ethernet products
- Experience with general network management concepts and methodologies

AUDIENCE:

IT professionals who are interested in learning high-level information about the Brocade Network Advisor management application.
