Brocade Certified Ethernet Fabric Engineer Knowledge Assessment

BROCADE UNIVERSITY

Brocade
Certified Ethernet
Fabric Engineer

ENROLL NOW:
eLearning (CEFE 101-WBT)

DURATION:
1 hour

PREREQUISITES:
Attendance in *BCEFE Training (CEF 200)*, or 4-6 months experience on related Brocade products.

AUDIENCE:
Any technical professional wanting to gauge his/her knowledge of BCEFE topics. This course is also for those who are preparing to take the BCEFE Certification Exam.

DESCRIPTION:
This self-paced, web-based training course (eStudy) is designed to check a student's knowledge and skills against sample questions covering some of the scope of the Brocade Certified Ethernet Fabric Engineer (BCEFE) exam (150-620). Learners will see multiple choice and multiple answer questions which mimic the look and feel of the actual BCEFE exam. This assessment will also help illustrate what students know, what they don't know, and where each learner needs to spend more time studying to pass the BCEFE exam.

The assessment covers the broad spectrum of topics that fall into the realm of the actual exam. Just like the real exam, the topics will not be presented in any particular order. These questions are for the sole purpose of study and review, and in no way reflect specific test content.

OBJECTIVES:
After completing this knowledge assessment, attendees should be able to:

- Gauge their level of knowledge about BCEFE topics.
- Demonstrate knowledge of Ethernet fabric concepts, and Brocade Ethernet fabric products.
- Install, configure, manage and troubleshoot Brocade Ethernet fabrics.
