Brocade Certified Network Engineer (BCNE) Knowledge Assessment

BROCADE UNIVERSITY

Brocade
Certified Network Engineer

ENROLL NOW:
eLearning (CNE 101-WBT)

DURATION:
1 hour

PREREQUISITES:
Attendance in *BCNE Training (CNE 200)*, or 4-6 months experience on related Brocade products.

AUDIENCE:
Any technical professional wanting to gauge his/her knowledge of BCNE topics. This course is also for those who are preparing to take the BCNE Certification Exam.

DESCRIPTION:
This self-paced, web-based training course (eStudy) is designed to check a student's knowledge and skills against sample questions covering some of the scope of the Brocade® Certified Network Engineer (BCNE) exam (150-130). Learners will see multiple choice and multiple answer questions which mimic the look and feel of the actual BCNE exam. This assessment will also help illustrate what students know, what they don't know, and where each learner needs to spend more time studying to pass the BCNE exam.

The assessment covers the broad spectrum of topics that fall into the realm of the actual exam. Just like the real exam, the topics will not be presented in any particular order. These questions are for the sole purpose of study and review, and in no way reflect specific test content.

OBJECTIVES:
After completing this knowledge assessment, attendees should be able to:

- Gauge their level of knowledge about BCNE topics.
- Refresh themselves on the knowledge and skills needed to install and maintain IP switching and routing (Layer 2/3) networks based on Brocade products.
