

BROCADE NETWORK SUBSCRIPTION

Drive Your Network Forward

It's time to subscribe to a future that you define on-demand with unlimited scalability, unlimited upgradability, and complete independence from term commitments and depreciation cycles.

Brocade® Network Subscription enables IT managers to quickly implement network solutions today, knowing they can adjust the network to meet the ever-changing needs of tomorrow.

Increase Capital Efficiency

With Brocade Network Subscription, you can easily refresh your network infrastructure or add capacity, at any time—without the need for capital expenditure.

Brocade Network Subscription enables public agencies to subscribe to exactly:

- ✓ What they want
- ✓ Where they want
- ✓ When they want

Obtain Pay-As-You-Go Flexibility

Brocade Network Subscription has no origination fees, no fixed term, and no penalties for early termination; eliminating the need for separate support contracts.

Pay for network capacity as you consume it—keeping a clear record of expenses, increasing your financial flexibility, and reducing the risk of fiscal overspending.

Enable Complete Business Agility

Brocade helps you easily address your information technology requirements by offering flexible network acquisition and support alternatives to meet your budgetary needs.

Create a solution with a specific level of network capacity, bandwidth, and performance that is best-suited to your business.

Eliminate Business Risk

Brocade Network Subscription enables you to acquire industry-leading network infrastructure and to expand, contract, or refresh it as your needs change.

Minimize security and obsolescence risks with proven enterprise-class technology that is deployed in over 90 percent of Global 1000 data centers.

Gain Direct Support

Brocade is always close at hand, from the moment you deploy the networking technology.

Brocade Support offers secure remote access, 24/7 phone support, around-the-clock online support, and next-day advanced hardware replacement—so we will be there when you need us.

Pay-as-you-Go Flexibility for State and Local Governments

Today's state and local governments face the dual challenge of reducing costs while expanding services to staff, citizens, and businesses. They must also increase security and meet ever-changing compliance mandates.

- Aligns IT network infrastructure capacity and project costs with network demand and benefits
- Offers complete flexibility for IT upgrades for total obsolescence protection
- Eliminates the risk of adopting new technologies, projects, and services
- Frees up capital for investment in other areas or projects
- Provides organizations with fiscal certainty to effectively project and manage cash flow
