

Brocade ICX Implementation Services – North America

HIGHLIGHTS

- Delivers implementation project management and scheduling
- Devices racked and stacked in the IP network environment
- Validates switch implementation and functionality
- Simplifying deployment by providing a knowledge transfer and as-built documentation

Designing, Building, and Deploying IP Network Infrastructures

Today's organizations have increased the demands on their network infrastructures, requiring higher levels of performance, availability, and scalability to take advantage of new IP-based technologies. To increase efficiency and reduce costs, these organizations need intelligent networks that effectively utilize available bandwidth capacity, manage data traffic flow, and ensure network security.

As the industry's leading data center networking solutions provider, Brocade has the experience to help organizations deploy highly scalable, highly reliable, and high-performance next-generation network infrastructures.

Brocade ICX Implementation Services

Brocade® ICX® Implementation Services provide unmatched expertise in helping organizations install, configure, and validate networking solutions with

Brocade ICX Switches. Designed specifically for organizations needing installation expertise and assistance, this service is designed to get customers fully up and running with their Brocade

ICX Switch purchases while reducing the costs and effort of installing the product themselves. As part of this service, a Brocade expert will:

- Install Brocade ICX Switches
- Apply code updates as needed
- Configure and validate Brocade ICX Switches
- Identify connection points
- Set compatibility parameters
- Integrate new Brocade ICX Switches per the defined connection
- Perform functionality validation
- Perform a knowledge transfer
- Provide as-built documentation

Maximizing Investments

To help optimize technology investments, Brocade and its partners offer complete solutions that include professional services, technical support, and education. For more information, contact a Brocade sales partner or visit www.brocade.com.
