November 15, 2010

Dear Brocade® Customer,

This letter is a formal notification that Brocade is initiating the End of Life (EOL) process for the Brocade 48000 Director and associated Field Replaceable Units (FRU). Pursuant to the terms of your agreement with Brocade, this letter serves as your formal written EOL notification, which will allow for appropriate planning and opportunity for last time purchases.

The recommended product replacement are the DCX and DCX-4S Backbones.

Brocade will continue to offer and provide support for the EOL products five (5) years from the last ship date announced below for those customers with a valid support contract.

The objective of the Brocade account management team is to smoothly transition opportunities to the new products by planning to the following milestones:

Brocade 48000 Director

- EOL notification date November 15, 2010
- Last Time Order (LTO) final, non-cancelable, non-returnable orders due date January 17, 2011
- EOL last ship date (LCS) February 15, 2011
- End of Support (EOS) date February 15, 2016

Recommended Product Replacement:

DCX and DCX-4S Backbone are the replacement products for the BROCADE 48000.

Note:

- All SW features qualified for use under supported configurations of the BROCADE 48000 will continue to be available after last ship of the BROCADE 48000 chassis hardware.
- Existing port or special blades that are supported in BROCADE 48000 chassis will **not** enter the EOL lifecycle phase at this time.

Support Pricing

Beginning one (1) year after LCS date, February 15, 2011, and until the EOS date, February 15, 2016, there will be a 10% annual price increase for end-user service and support.

Please contact your account manager for any questions or concerns that you may have.

Sincerely,
BROCADE
