

# Brocade Certified Architect for FICON 2010 Knowledge Assessment (CAF 101-WBT)

Web-Based  
Training (eStudy)

**BROCADE  
EDUCATION  
SOLUTIONS**

Brocade  
Certified Architect  
for FICON

## DESCRIPTION:

This self-paced, web-based training course (eStudy) is designed to check a student's knowledge and skills against sample questions covering some of the scope of the Brocade® Certified Architect for FICON (BCAF) Exam 143-120. Learners will see multiple choice and multiple answer questions which mimic the look and feel of the actual BCAF exam. This assessment will also help illustrate what students know, what they don't know, and where each learner needs to spend more time studying to pass the BCAF exam.

## DURATION:

1 hour

## FORMAT:

Self-paced knowledge assessment

## PREREQUISITES:

- CAF 200: Brocade Certified Architect for FICON (BCAF) Training

## AUDIENCE:

Any technical professional wanting to gauge his/her knowledge of BCAF topics. This course is also for those who are preparing to take the BCAF Certification Exam.

The assessment covers the broad spectrum of topics that fall into the realm of the actual exam. Just like the real exam, the topics will not be presented in any particular order. These questions are for the sole purpose of study and review, and in no way reflect specific test content.

## OBJECTIVES:

Upon successful completion of this course, the student should be able to:

- Gauge their level of knowledge about BCAF topics.
- Refresh themselves on the knowledge and skills needed to design, install, configure, maintain, manage, and troubleshoot FICON solutions in local and long distance environments based on Brocade products.
