### **Brocade**

Certified Fabric Administrator

## **ENROLL NOW:**

eLearning (CFA 250-WBT)
Virtual classroom (CFA 250-VCT)

## **PREREQUISITES:**

 Familiarity with Brocade 8 Gbps content in Introduction to L2 Fibre Channel Administration and Theory (CFA 280), completion of the 8 Gbps BCFA certification, or equivalent knowledge.

## OR

 Familiarity with Brocade 16 Gbps content in Brocade Certified Fabric Administration (BCFA) 16 Gbps Training (CFA 200), or equivalent knowledge.

## **AUDIENCE:**

Anyone preparing for the 16 Gbps BCFA exam (143-420), including professionals that are 8 Gbps BCFA certified or that have experience with the 16 Gbps SAN products.

#### **DESCRIPTION:**

This course is designed to help prepare current Brocade Certified Fabric Administrator (BCFA) professionals to take the 16 Gbps BCFA exam (143-420). This course includes highlights from the *Brocade Certified Fabric Administration (BCFA)* 16 Gbps Training (CFA 200) class, with a strong focus on the new features in FOS v7.0 and the new 16 Gbps products. Also discussed are test preparation methodologies, and open discussion on what to expect when taking the exam. The course is intended as a REVIEW and is not designed to replace the CFA 200 offering.

## **OBJECTIVES:**

Upon successful completion of this course, the student should be familiar with the following topics of the 16 Gbps BCFA Exam (143-420):

- · Fibre Channel Concepts
- · Product Hardware Features
- · Installation and Configuration
- FCP Concepts
- Zoning
- · Basic Management
- · Basic Troubleshooting

# **DELIVERY OPTIONS:**

The CFA 250 course is available in two versions:

- CFA 250-WBT: Three hours of self-paced, web-based training (eLearning).
- CFA 250-VCT: Four hours of on-line, instructor-led training (virtual classroom).
