DESCRIPTION:

The SAN Directors Overview reviews the three Brocade directors 48000, Mi10k and 6140. There is also a discussion on the single management tool, EFCM. EFCM can be used to manage both B-Series and M-Series switches, as well as display performance related data.

OBJECTIVES:

- Explain the features of the Brocade B48000 Director
 - Explain the features of the Brocade Mi10K Director
 - Explain the features of the Brocade M6140 Director
 - Understand the features of EFCM (Enterprise Fabric Connection Manager) and how it can manage both M-Series and B-Series Directors – including Performance Gathering
- This Virtual class includes three Lab Simulations:
 - Managing B-Series Directors using EFCM
 - Managing M-Series Directors using EFCM
 - Gathering/displaying B-Series performance data using EFCM
